Bidders must submit a "Schedule of Participation by Contractors/Subcontractors" form and the "Letter of Intent to Subcontract" for each DBE firm listed in the Schedule at time of bid submission. Certifications for each subcontractor reflecting compliance with Debarment, Employment Verification, Employment Verification Memo of Understanding and Lobbying must be submitted per request of KCATA following bid submission. - a. This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. **A goal for DBE participation has been set at eight (8%) for this project.**
- b. The Contractor shall not discriminate based on race, color national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR. Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the

termination of this Contract or such other remedy as KCATA deems appropriate, which may include but is not limited to 1) withholding monthly progress payments; assessing sanctions; liquidated damages; and/or disqualifying the Contractor from future bidding due to being non-responsible. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)).

- c. The Contractor may not substitute, remove, or terminate a DBE subcontractor without KCATA’s prior written consent. Written consent of termination may only be given if the Contractor has demonstrated good cause. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Contractor must give the DBE five days to respond to the Contractor’s notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Contractor’s action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.
- d. Good Cause. Good cause includes the following circumstances:

The listed DBE subcontractor fails or refuses to execute a written contract; or

- The listed DBE subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or

- The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
- The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
- The DBE subcontractor is not a responsible contractor; or
- The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal.
- The listed DBE is ineligible to receive DBE credit for the type of work required.
- A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract.
- Other documented good cause that compels KCATA to terminate the

DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor shall give notice in writing to the DBE subcontractor, with a copy to KCATA’s Equity and Engagement Manager, Whitney Morgan at wmorgan@kcata.org of its intent to request to terminate and/or substitute, and the reason for the request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor’s notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor’s action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

- C. Occupancy or utilization of Completed Work, or a portion of completed work, by the KCATA, does not constitute Substantial Completion or Final Acceptance.
- D. Contractor has no right to damages for any causes of delay by the KCATA. Scheduling of the Work must be mutually agreed upon by the KCATA and the Contractor before Work can commence. The KCATA's operational requirements are paramount and shall take precedence. A request for an adjustment of time shall be forwarded in writing to KCATA's Project Manager as soon as the Contractor is aware of circumstances beyond the Contractor's control. Requests shall include a statement of cause and expected time delay. The Project Manager may from time-to-time award extensions to the contract time justified by delay caused by either the Contractor or the KCATA, provided that adequate evidence is presented to enable the Project Manager to determine with exactness the extent and duration of delay for each item involved. In the event the Prime is not making a commitment to meet or exceed the established goal on the project, they must request a waiver and provide documentation that good faith efforts were expended to try to meet the goal. Good faith efforts are efforts that, given all relevant circumstances, a Proposer actively and aggressively seeking to meet the goals can reasonably be expected to make.

Failure to meet the contracted DBE participation commitment without documented evidence of good faith efforts may result in termination of the contract. In evaluating good faith efforts, KCATA will consider whether the Proposer has performed the following, along with any other relevant factors:

 - E. All parts shall be new and in no case will used (except for testing), reconditioned or obsolete parts be accepted. Any one part shall be an exact interchangeable duplicate in manufacture and design and furnished as specified, but where brand names are used, consider the term "or approved equal" to follow.
 - F. Bids shall be firm and final. Bids shall be net and shall reflect any available discount. KCATA is exempt from federal excise, federal transportation and state sales tax and such taxes shall not be included in price quotations. KCATA will provide the successful bidder with a project Tax Exemption Certificate.
 - G. Bids shall be submitted on the Bid Response Form provided; bids submitted in any other form will be considered non-responsive and will be rejected. Do not change, add to, or delete from the wording on the Bid Response Form. Unauthorized conditions, limitations, or provisions attached to the Bid Response Form may cause the Bid to be considered non-responsive and, therefore rejected.
 1. Bid Response Forms shall be filled out electronically or manually in black or blue ink.
 2. Alterations by erasure or inter-lineation shall be initialed.
 - H. Prior to bidding, each Offeror shall ascertain that they have received all Addenda issued and shall acknowledge their receipt in the space provided in the Bid Form.

Any interpretation, change, or correction to the bid documents will be made by Addenda which will be issued to all bidders of record and all locations where bid documents are filed. Oral statements made at the pre-bid conference or bid opening are non-binding and for clarification only.

- I. Each bid shall be executed and signed by an authorized official and in the true name of the bidder. If the bid is made by an individual doing business under a fictitious name, the bid shall so state. If the bid is made by a partnership, the full names and addresses of all members of the partnership shall be given and the bid shall be signed by one principal member. If the bid is made by a corporation, it shall be signed in the corporate name by an authorized officer. - M. Conditional bids and any bid taking exception to these instructions or conditions, to the contract conditions or specifications, or to other contract requirements may be considered non-responsive and may be rejected.
- N. The documents specified to accompany the bid are enumerated on the Checklist Form and shall be included with the bid form. The bidder shall read all forms carefully before signing. Incomplete bids may be considered non-responsive.
- O. Each bid is to be submitted with the understanding that the acceptance in writing by KCATA of the bid to furnish the materials and services or any part thereof described therein shall constitute a contract between the bidder and KCATA which shall bind the bidder to furnish and deliver at the given price and in accordance with the terms and conditions of said bid and these conditions.
- P. Kansas City Area Transportation Authority reserves the right to accept ADD Alternates for this bid only if the budget allows for acceptance.

There is no guarantee to bidders that the alternates will be accepted or become a part of the contract.

- Q. Alternates, if applicable, will be accepted at the discretion of KCATA's budget and bidder will be notified of acceptance with intent to award letter. Alternates pricing shall remain for a period of 60 days beyond bid due date.

2.1.6 Bid Security/Bid Bond

- A. **A bid bond in the amount of five percent (5%) of the total bid is required. Failure to provide a bid bond with bid submission shall deem the Bidder non-responsive.** Bond shall be submitted with Bidder's price submission. The bond is required to assure that the bidder will, upon acceptance of its bid, meet the requirements of the bid. A bidder may submit a certified check or cashier's check in lieu of a bond. **Failure to submit a bid bond, certified check, or cashier's check along with the bid may result in the bid being considered non-responsive.** Bid bonds/checks will be returned to bidders, upon request, after execution of contractual documents and submittal of the required bonds by the successful bidder.
- B. Bidders requiring technical assistance on bonding may call the Kansas City Regional Small Business Administration's Minority Business Opportunity Center (MBOC) at (816) 513-6817, or the local Small Business Administration or MBOC in your city or state.
- C. The KCATA will have the right to retain the bid Security of any or all bidders until one of the following has occurred:
1. The contract has been executed and required contract bonds are furnished.
 2. The specified time has elapsed so that bids may be withdrawn.
 3. All bids have been rejected by KCATA.
- D. If any bidder refuses to enter the contract or fails to furnish the required contract bonds, his bid security may be forfeited to the KCATA as liquidated damages, but not as penalty.

2.1.7 Withdrawal of Bids

- A. Bids may be withdrawn on written request received by the KCATA prior to the time fixed for bid opening. The bond or certified check of any bidder withdrawing its bid, in accordance with the foregoing condition, will be returned promptly.
- B. For this bid, no bids or unit prices may be withdrawn for a period of ninety (90) days after the date of the stated bid opening. Add

alternates pricing, if applicable, shall remain fixed, as submitted for bid, for 30 days after bid submittal.

2.1.8 Bid Consideration and Contract Award

- A. The KCATA intends to award a contract to the responsive and responsible bidder whose fair and reasonable bid conforming to this solicitation is the lowest in price. A responsive bid meets the requirements of the Invitation for Bid. KCATA expects bidders to demonstrate affirmatively that it and its proposed subcontractors qualify as responsible.
- B. In addition to being otherwise qualified and eligible to receive the contract award, a responsible contractor satisfies criteria including:
1. Administrative and Technical Capacity. Has the necessary organization, experience, accounting and operational controls, and technical skills to successfully perform the contract?
 2. Financial Resources. Contractor has sufficient financial resources to perform the contract. KCATA reserves the right to request and inspect the last 2 years audited financials for Prime and Sub Contractors. Failure to provide the requested information may result in forfeiture of the bid.
 3. Production Capability. Has the necessary construction and technical equipment and facilities.
 4. Timeliness. Can meet the performance schedule, taking into consideration all existing business commitments.
 5. Performance Record. Can provide a satisfactory current performance record and a satisfactory past performance record to include sufficient resources, sufficient key personnel with appropriate experience, and key subcontractors with the required experience and satisfactory current and past performance.
 6. Experience. A minimum of five (5) years' experience in carrying out similar work with particular attention to management approach, staffing, timeliness, technical success, budgetary controls, and other specialized considerations, as described herein.
 7. Past Deficiencies Not the Fault of the Bidder. A bidder that is or recently has been seriously deficient in contract performance is presumed to be non-responsible unless KCATA determines that the circumstances were properly beyond the bidder's control or unless the bidder has taken appropriate corrective action.

Past failure to pursue the work, perseverance, and effort to perform acceptably is strong evidence of non-responsibility.

- C. Bidders are required to submit for KCATA's approval, a list of subcontractors and material suppliers proposed for the project, also known as the schedule of participation, with all NAICS codes listed for each proposed subcontractor.
- D. Award of contract shall be based on the lowest responsible, responsive bid offering the lowest aggregate base bid amount. All bids will be evaluated on the same basis of bid items.
- E. The Authority may determine that a bid is unacceptable and non-responsive if the prices proposed are materially unbalanced between line items or sub-line items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated relative to cost for other work, and if there is a reasonable doubt that the offer will result in the lowest overall cost to the Authority even though it may be the low bid.
- F. It is understood that KCATA reserves the right to waive informalities or irregularities in bids, to reject any or all bids, to cancel this Invitation in part or in its entirety, to re-advertise for bid, and to award to other than the lowest bidder if it is in the best interest of the Authority. KCATA further reserves the right to accept or reject any or all alternates in any order or combination which, in its judgment, is in the best interest of the Authority. KCATA shall be the sole judge of what is in its best interest with respect to this Invitation for Bid.
- G. The successful bidder shall execute a contract with the KCATA within ten (10) calendar days from written Notice of Intent to Award. Before execution of the contract, the successful bidder shall deliver required bonds, insurance certificates and other specified documents to KCATA for approval.

2.1.9 Construction Bonds and Certificate of Insurance

- A. The successful bidder may be required to furnish and pay for a Performance Bond, a Payment Bond, and a Maintenance Bond each in the amounts listed in the Invitation for Bid, as stated herein and in accordance with the General Conditions as amended by the Supplementary Conditions. The cost of the bonds shall be included in the bid price. If required, the Maintenance Bond shall be for a two (2) year period effective as of the date of Substantial Completion.
- B. The Bidder shall warrant both workmanship and materials for a period of two (2) years pursuant to Article 3: Contractor, Section 3.5 Warranty or as amended by the Supplemental Conditions. The two (2) year maintenance bond (if required) becomes effective on the date of

project acceptance as established by the Certificate of Substantial Completion.

- C. Bonds shall be issued by a surety acceptable to the KCATA and licensed to do business in the State of Missouri.
- D. The attorney-in-fact who executes the required bonds on behalf of the surety shall affix thereto a current copy of the power-of-attorney indicating the monetary limits of such power.
- E. The successful bidder shall submit Certificates of Insurance, verifying insurance coverage as stated herein, within the period time indicated in the Notice of Intent to Award.
- F. Failure or refusal to furnish bonds or insurance certificates in the time prescribed and in a form satisfactory to the KCATA may be cause for rejection of the bidder and forfeiture of the bid security.

2.1.10 List of Subcontractors and Material Suppliers/Schedule of Participation

The successful bidder shall submit a complete list of all subcontractors and major material suppliers at the time of bid submission due date. The representative's name, address and telephone number shall be provided with the dollar amount of the contractor's/subcontractor's/vendor's work for EACH vendor intended to be used for workforce on the project.

2.1.11 Debarment, Suspension and Other Responsibility Matters

- A. Each bid shall be accompanied by a Certificate of Primary Participant Regarding Debarment, Suspension, and Other Responsibility Matters.
- B. Submit a Certification Regarding Debarment, Suspension, And Other Ineligibility and Voluntary Exclusion for each lower tier subcontractor and major supplier.

2.1.12 Restrictions on Lobbying

Part 31, apply to its actions pertaining to the project. Upon execution of this Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or may make pertaining to the project covered under this Contract. In addition to other penalties that may be applicable, the Contractor further

acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal government deems appropriate.

- B. - A. To comply with Section 285.500 RSMo, et seq., the Contractor is required by sworn affidavit and provision of documentation, to affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. The Contractor shall also affirm that it does not knowingly employ any person in connection with the contracted services who does not have the legal right or authorization under federal law to work in the United States as defined in 8 U.S.C. §1324a(h)(3). The Contractor is required to obtain the same affirmation from all subcontractors at all tiers. **The electronically signed and electronically generated Memo of Understanding (MOU) must be submitted by the Prime for the Prime Company and an MOU is to be submitted for each subcontractor with a work/contract value of \$5,000 or greater in addition to the Certification document.**
- B. A federal work authorization program is any of the electronic verification of work authorization programs operated by the United States Department of Homeland Security (E-Verify) or an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, under the Immigration Reform and Control Act of 1986 (IRCA), P.L.99-603.

2.1.15 Buy America

- A. The Contractor agrees to comply with 49 U.S.C. §5323(j), and 49 CFR. Part 661, which provide that those federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7 and include final assembly in the United States for 15 passenger vans and 15 passenger wagons produced by Chrysler Corporation, microcomputer equipment & software. Separate requirements for rolling stock are set out at 49 CFR 5323(j) (2)(C) and 49 CFR Part 661.11. Rolling stock not subject to a

general waiver must be manufactured in the United States and have a 60 percent domestic content.

- E. The Contractor further agrees to include these requirements in all subcontracts issued pursuant to this Contract when the subcontract may involve the transport of equipment, materials or commodities by ocean liner and exceeds \$100,000.
- F. The Contractor agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Service Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub-recipients of federal funds and their Contractors are required to use U.S. Flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act.
